The Themes of Social Role Valorisation

Theme 1

UNCONSCIOUSNESS

The Themes of Social Role Valorisation refer to the underlying causes of both positive and negative perceptions of people and situations.

In your group, define what is meant by 'Unconsciousness'.

List some ways in which society has 'unconsciously' established what is valued and devalued. Give some examples if you can.

Feed this information back to the group to help them to understand this 'theme'.
