The Themes of Social Role Valorisation

Theme 4

COMPETENCY AND THE DEVELOPMENTAL MODEL

The Themes of Social Role Valorisation refer to the underlying causes of both positive and negative perceptions of people and situations.

In your group, define what is meant by 'Competency and the Developmental Model'.

List some ways in which 'competency and the developmental model' can assist people who are devalued or at risk of devaluation to increase their value. Give some examples of how you would apply this theme, if you can.

Feed this information back to the group to help them to understand this 'theme'.
