The Themes of Social Role Valorisation

Theme 6

RELATIONSHIPS BETWEEN PEOPLE

The Themes of Social Role Valorisation refer to the underlying causes of both positive and negative perceptions of people and situations.

In your group, define what you think is meant by 'Relationships between people'.

List some ways in which the 'relationships between people' can contribute towards people who are devalued or at risk of devaluation increasing their perceived value. Give some examples, if you can.

Feed this information back to the group to help them to understand this 'theme'.
