The Themes of Social Role Valorisation

Theme 7

THE IMPORTANCE OF MODELLING FOR LEARNING

The Themes of Social Role Valorisation refer to the underlying causes of both positive and negative perceptions of people and situations.

In your group, define what you think is meant by 'the importance of modelling for learning'.

List some ways that the 'the importance of modelling for learning' can be applied. Give some examples, if you can.

Feed this information back to the group to help them to understand this 'theme'.
